Besides these codes, there are plenty of events happening in the Roblox world that also grant plenty of new free items. Players should check out the In the Heights Block Party, Zara Larsson Launch Party, and Mansion of Wonder event to grab those limited edition items before they head away.

But I'd expect that more Roblox birthday parties look like a bunch of friends opening up the app, partying up, and just jumping from game to game and world to world right from the launcher. In the span of an hour, you can hop through all kinds of different experiences because the app loads everything really quickly, which means it's pretty easy to replicate the chaotic energy of a real kids' birthday party.

Once done, prepare 5 Hot potions using 5 Chilli Peppers. Gather all the potions and put them inside the cannon aiming towards Cyclops boss. Fire them one by one and decimate Mr. Rich's entire health. Keep in mind you need to put the potions inside the cannon in quick succession as Mr. Rich will start to regenerate health if you take too long.

That's a tough question to answer, actually. Often, playing a "good" Roblox game or even being good at a game is secondary to just hanging out with your friends. A lot of games lean into this more relaxed vibe by focusing heavily on roleplaying elements — and I mean roleplaying in the most literal sense of the term. In one game I tried, I worked at a pizza parlor. In another, Animal Simulator, I galloped around a virtual world as a horse.

Roblox Brookhaven has a number of different vehicles that players can get access to. They come in different tiers, and some of them are free to all players. Many of these support different forms of roleplay, like ambulances, or police cars, while others are more fun, like quad bikes and scooters.

Unfortunately, because of the average age group of Roblox players, there is no shortage of Robux scams targeting the easily gullible out of everything from real-life money to login info.

That might have been just legal manoeuvring, but the question will eventually arise: who gets to decide what appears on the Metaverse? Given Roblox’s significant audience of under-13s, the company is understandably keen on safety, employing over 3,000 people around the world to screen for inappropriate content. That is good news if you’re a parent, but bad if you’re a creator in a hypothetical future where a moderated Metaverse becomes the primary conduit for entertainment consumption and your work is judged sufficiently inappropriate.
